

LEARNING WITH EXPERTS
GARDEN DESIGN 2018

**GARDEN DESIGN COURSE
IN VILLA GAMBERAIA**

20h lesson and design workshop, studying the garden
of Villa Gamberaia, to learn how to:
- designing small gardens, representing the garden project, using the
suitable plants, obtain the chosen result

Day one

9.00am - 1.00pm

MARIACHIARA POZZANA

Visit of the garden of Villa Gamberaia

In the first lesson examples of garden projects of the most important garden designers of our time.
Starting from the analysis of these works we will continue the theme of the design of the area chosen
for the laboratory using the sense of proportion, dimensional relationships, light

2.00pm - 6.00pm

Workshop: MARIACHIARA POZZANA - TOMMASO TARASSI

Learn how to make a survey of a small garden and to do a drawing.
The drawing will be done by hand (pencils and colored supplied by us).

Day Two

9.00am - 1.00pm

MARIACHIARA POZZANA

Second lesson first part: learning to organize spaces and to use materials,
decide the functions, the dimensional relationships using light and color

Second lesson second part: learn about herbaceous plants, shrubs and small trees.
Basic information on the use of herbaceous and shrubby plants in small gardens in Italy,
with particular regard to central Italy

2.00pm - 6.00pm

Workshop: MARIACHIARA POZZANA - TOMMASO TARASSI

Workshop the garden we want: idea of our garden, project, representation,
learn to draw spaces, paths, choice of plants

Exercise: to study the plants in the garden of Villa Gamberaia

Day Three

9.00am - 12.00am

Workshop: MARIACHIARA POZZANA
continuation of the design laboratory

12:00am - 1:00pm

Workshop: project presentation

discussion, conclusion of the course and the workshop and a final surprise...
